

BROWSMITH
MICROBLADING CO.

Aftercare

No: heat, steam (including cooking over steaming stovetop), saunas, water, oils, lotions, creams, shampoos, face washes, makeup remover wipes or pads on lashes for minimum of 24 hours. Only approved product to put on immediately after lift that will not cause your Elleebana Lash Lift to fall is the Elleevate Mascara.

We also advise that because the client's lashes are still malleable (shape shifting), that sleeping on your back is best. A side sleeper or face sleeper can notice one or both eyes can, raise or drop, leaving the lashes misshaped. Avoid face washes that are mainly oil as this can cause lashes to drop prematurely. If you have the pleasure of using Elleevate mascara make sure that you remove it with cold water, within the 24 hour period.

Enjoy your Elleebana lashes for the next 2–3 months!!
